FINE PRAISE FOR COLEMAN BAND

Bandmaster Amers of the Royal Air Force Gives Praise to Bandmaster Fulton and Bandmen.

On Wednesday of last week, at Calgary Exhibition, Bandmaster Amers of His Majesty's Royal Air Force Band, who was the judge-in-chief of the band competition of towns of Alberta, held on the opening day of the exhibition, made some very complimentary remarks concerning Coleman's band, in the course of his address on the grandstand platform. Though the band was awarded third place, there was very little difference between Vulcan, Michel and Coleman, the prize-winning bands, Coleman being awarded 79 and Vulcan 83 points. He stated it was a difficult contest to judge, and made particular mention of the manner in which Bandmaster Fulton conducted and the splendid time maintained in the playing of the test piece.

The absence of reed instruments in Coleman's band was possibly one of the reasons why it did not score as many points as Vulcan and Michel, but when the fact is considered that the local band has a number of beginners, and that it was only reorganized this spring, their winning third place is highly creditable, and they are deserving of hearty congratulations from the people of Coleman.

NIKIFORUK-MEYER

There was a large gathering in the United Church on Saturday morning, July 7th, for the wedding of Thomas Nikiforuk and Miss Annie Meyer. The bride was dressed in full bridal attire and was attended by Miss Mary Barron. Mr. Joseph Petruich was best man. The ceremony was performed by Rev. H. J. Bevan.

COLEMAN SCHOOLS TRUANT OFFICER'S REPORT FOR TERM

T. Brennen submits the following at the conclusion of the school term: I made 61 calls at the schools during the term, and the number reported absent by teachers was 365. I made 305 calls on parents to check up the cause of being absent, and in most cases it was sickness. I regret to state that I had to serve six warning notices to parents and I reported 15 truants, whom I brought back to school. Twelve left during the term, and I have two still on the sick list, whom I hope to see at the re-opening of school. The total therefore is 351 returned, 12 left and two sick during the term.

THEATRE NOTES

Patrons of the Palace were disappointed last week-end by the cancellation of the picture "The Legion of the Condemned," in which a former Alberta girl, Fay Wray, is one of the stars. Through no fault of the management, the picture was not forwarded from Winnipeg, and a wire from the booking exchange was received only a few hours before the picture was to have been shown, stating it had not been possible ship it, with no further explanation. "Shanghai Bound" was shown in its place, and proved an interesting and thrilling picture.

For this week-end the greatest picture shown is "The Birth of a Nation" to be shown, it being a D. W. Griffith production, entitled "Drums of Love."

McCulloch Wins With Biggest Catch

Red and Gun Club's First Outing of the Season Proved a Very Enjoyable Affair

The first competition this season of the Red and Gun Club was held on Sunday below Leadbrook Falls, 54 members taking part. The biggest catch was secured by Archie McCulloch with 14 fine trout; Bob Wilson landed the heaviest trout, weight one pound, and Joe Ladoules the largest bull trout.

Secretary Ruchton requests that in future those intending to take part in competitions notify him two days ahead in order that arrangements may be made for transportation. Otherwise they may be disappointed, as it is impossible to secure cars at a minute's notice.

Merchants Must Show Enthusiasm

No man ever won a race by entering it with half-hearted enthusiasm. And no man will succeed in business unless he puts his whole heart and soul into it, and inspires others by his energy and enthusiasm. Interest the people of Coleman in your business by telling them what you have to offer and why they should deal with you, in the Coleman Journal.

Route Maps Are Now Available

Coleman Receives Adult Publicity in New Edition of Automobile Route Maps Just Issued

A supply of route maps of the Trans-Canada (Red Trail) has been received and may be obtained free from Mr. A. Morrison, president of the Board of Trade. Through the efforts of the Board it is practically assured that this route through the Rockies will be definitely established as the official Trans-Canada route, being the shortest across Canada, so that the Crow's Nest Pass will receive a greater share of tourist traffic than in past years.

Much of the traffic that should naturally come this way has been diverted at Medicine Hat via Calgary, whereas by a publicity campaign which will receive the support of all towns on the "Crow" route, this road through the mountains will be made better known to tourists. The efforts of the Coleman board should receive the support of every business institution, in order that the scenic beauties of this district may become more widely known and appreciated.

FINE TIME AT CAMP ECHO

The local C.G.I.T. camp came to an end on Saturday evening. The girls spent a splendid week at the lake, and discovered a wonderful place where their songs were returned perfectly by the echo, hence the name, Camp Echo. They had a week of perfect weather, comfortable quarters and good food. The camp was voted the best yet and the fifteen girls attending this year will be all for another week at Camp Echo next year.

DEATH OF MRS. BOOTH

The death occurred on Thursday evening last of Mrs. Florence Booth, residing on Fifth Street, heart trouble being the cause of death, from which she had suffered for a considerable time. She was 36 years of age, and is survived by her husband and three children, two boys and a girl under the age of twelve.

The funeral service was held on Sunday afternoon at St. Alban's Church, the Rev. A. D. Currie officiating, the choir being in attendance. Many friends of the family attended the service and followed the remains to the graveside. The casket was covered with floral tribute from relatives and friends, and the girls of the Junior W.A. placed a very beautiful cross on the casket, the little daughter of Mrs. Booth being a member.

The pall-bearers were Mr. H. Stephenson, Ernest Hill, Tom Goldring, J. Golding, W. Jackson and H. Stanfield. Funeral arrangements were in charge of A. E. Ferguson, of the Crow's Nest Undertaking Parlor.

CARD OF THANKS

Mr. George W. Booth desires to express his thanks for the many expressions of sympathy and kindnesses extended in the death of his wife, and also to those who so kindly sent flowers. He also wishes to express his appreciation of the kindly service of the hospital staff during the illness of Mrs. Booth.

MACKINNON-MACKINNON

On the afternoon of July 4th the wedding of Miss May Mackinnon of Coleman and Mr. Roderick Allan Mackinnon of Abbey, Sask., took place. The service was read by the Rev. H. J. Bevan before about twenty relatives and friends at the home of the bride.

The attendants were Miss Margaret Dimplo and Mr. Isaac Dixon. After the ceremony lunch was served to the guests. Mr. and Mrs. Mackinnon left later in the afternoon for Nova Scotia by car. The bride, who has been for three years a member of the public school staff, will be much missed by her friends. She has also been a very valuable member of the United Church, teaching the primary class, and taking part in the work of the congregation in full measure.

Rev. and Mrs. H. J. Bevan are leaving for Fernie, where they will spend the next few weeks. Arrangements have been made for the regular services in Coleman. They may be found in Fernie if need arises.

HONEYMOON TRIP IN THE MOUNTAINS

Wealthy Saw Manufacturer of Chicago and Bride Enjoying Mountain Trails and Streams.

Last Wednesday afternoon a string of pack horses, thirteen in number, with five persons, including one lady, were seen passing through town, riding on Fifth Street, heart trouble being the cause of death, from which she had suffered for a considerable time. She was 36 years of age, and is survived by her husband and three children, two boys and a girl under the age of twelve.

Both Mr. and Mrs. Diston spent some time in Coleman, paying a visit to the barber shop of F. Graham, who expended his best efforts in the tonorial art on Mr. Diston, who in the course of conversation stated he was having the trip of his life, and was glad to lose sight of motor cars and get back to nature in its primitive form. They had enjoyed some exceptionally good fishing, and the guides reported some big fish having been caught.

OPIMUM PROVES EXPENSIVE

Lee Lees and Lem Lees operate a restaurant at Crow's Nest, and in addition to the usual stock, hickory, pipes and the usual paraphernalia that accompanies this narcotic, which is forbidden by law, Corporal Weaver, R.C.M.P., has a good nose for detecting anything of this nature, brought the offending Chinamen with his proofs before Magistrate Cope at Fernie, and they were each fined \$100 and costs, while Lem Fong Kee, a frequenter, was fined \$50 and costs.

HOSPITAL NOTES

A. McConnell is progressing favorably following an operation on Tuesday of last week for appendicitis.

Mrs. Brocklehurst is making steady progress following her serious illness.

The many friends of Mary Burns were surprised to hear that he is a patient, having been operated on last Saturday. He is making good progress.

Mrs. Piet underwent an operation for the removal of tonsils on Saturday.

Mrs. Weaver and children, of Blairmore, are spending the summer holidays at Naramapa, Okanagan Valley, B.C.

Brot Albanach

1. Pretty little Kathie Rump dancing the highland fling.
2. The Band Springs Head that will become a veritable bonfire at the forthcoming Scottish gathering.
The new entrance pool is glimpsed below the band.

Brot Albanach appeared on the menu of the "Trath Neol" (Bread of the Living) at the Highland Gathering and if any of those who attended the Highland Gathering and Scottish Music Festival at Banff last year could read that far, they know that "Guthrie laigh leth bhrùiche, agus muileth aise, nìche" was nothing more formidable than broiled calves liver with bacon. If they ordered it, they will probably go back for more. The Highland Gathering was a great success last year. This year, between August 31 and September 3, it will be repeated. Banff will be Scotland for a week. Pipes will shriek through the forests and hills; the tartan will color the trail; and there will be dancing, highland dancing, and

THE ELKS CARNIVAL

All eyes are now turned towards the monster community carnival which opens this week-end at the Crystal Rink, the proceeds of which are to be used in aid of the skating rink and the community swimming pool, to which the local lodge has been a generous contributor.

The Elks is the only service club in this end of the Crow's Nest Pass, and by their efforts at Coleman and at Blairmore, both communities have greatly benefited. They have justly earned the gratitude of the people of these towns, entitling them to the loyal support of all classes of the community. The staging of these carnivals entails a great deal of hard work and responsibility, with no personal reward except the pleasure of providing enjoyment for others during the summer and winter months.

The Journal believes there is no need to urge the people of Coleman to show their encouragement by attending the carnival as freely as possible. The benefits derived speak for themselves, and the greatest satisfaction that can accrue to the Elks members is to receive encouragement from the people in their unselfish efforts.

"CROWS NEST AND WHY"

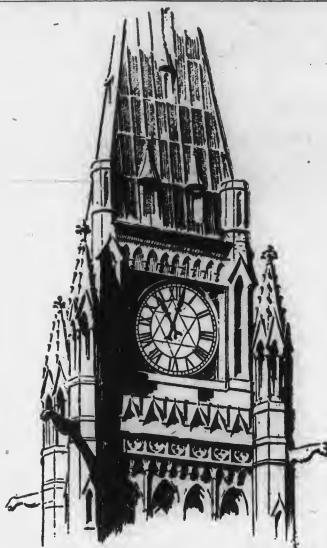

Under the above caption there has appeared in the Lethbridge Herald considerable correspondence concerning the origin of the name given to the striking dome-shaped mountain which stands out as the "Sentinel of the Pass." Recently Maclean's Magazine published a very interesting article by a well-known Canadian writer, but apparently the reason given for naming Crow's Nest Mountain was wide of the mark. Though there have been many stories of massacres by Crow Indians and other stories founded mainly on tradition, none of these were given much credence by the early explorers, including Captain Palliser, after whom the famous C.P. hotel in Calgary was named. The Geographic Board of Canada has the most authentic records of why Crow's Nest Mountain was so named, and though most people like to associate it with savage Indians and massacres, the preponderance of historical evidence seems to be that the name is derived from the fact that it was a nesting place for crows.

In any event, no matter if it is from Indian massacres or from just common crows, that this beautiful mountain receives its name, it does not detract from its dominance and awe-inspiring nature.

A SPLENDID SHOW

Calgary Exhibition and Stampede is unique in character, and visitors from Coleman were delighted with the "Big show." It has a charm about it that no other exhibition or fair in Canada has, in that it retains the atmosphere of the early days of the west and at the same time presents all the up-to-the-minute features of the day. The daring riders on bucking broncos and frenzied steers, whose grip of the reins and sense of balance is wonderful and causes thrill after thrill among the thousands who watch the performances daily, demonstrates that though the big ranches of Western Canada and the daring cowboys are passing into history, yet this spectacular stampede at Calgary keeps alive that phase of Alberta's life which we all love to linger over. We all have admiration for those daring men of the ranges who feared not the wildest of the "outlaws," and the stampede demonstrates that the type still lives—that the "he men" of the wild and woolly west out of which this fair province was carved still possess that prowess which made the western cowboy famous throughout the world.

Manager Richardson and Guy Weadick certainly are masters of the art of giving the people of Western Canada a show that keeps their blood tingling, for they not only thrill us with the stampee events, with its truly amazing display of early western life, but also combine with it the attractions and other features in keeping with our progressive western spirit. Calgary has a wonderful asset in its annual exhibition, which continues to draw ever increasing numbers annually.

The Victory Tower of the Parliament Buildings at Ottawa, from which the moving message of the carnival rings forth.

EVERY TWO MINUTES OF EVERY BUSINESS DAY... SOMEONE IN CANADA BUYS A NEW GENERAL MOTORS CAR

SINCE the days of Confederation, General Motors of Canada Limited has been supplying Canada with transportation. Each year as requirements have multiplied, the scope of General Motors service has widened... the quality of General Motors cars has steadily improved. Each year more Canadians have looked to General Motors for better automobiles, until now, every two minutes of every business day, someone in Canada buys a new General Motors car. These cars are bought by people you

know... by people like yourself... for the very reasons which would guide you in the choice of a car.

They are bought because they are the product of the most progressive organization in the world's most progressive industry... because they reflect the General Motors policy of constant advancement... because they are better cars...

They represent the latest developments of the world's leading automotive research

laboratory, offering these developments to the public as soon as they become available. They are proved in advance, at the expense of General Motors, not the public. They are better cars because they are Canadian cars.

And they embody greater value because of General Motors money-saving methods of quantity buying and volume production. This popularity of General Motors cars holds more than a passing interest for the Canadian car buyer... for General Motors utilizes increased demand to reduce production costs and to offer still more outstanding automobile value.

THE ALBERTANS ON CANADIAN OLYMPIC TEAM

Two Alberta athletes have been named on the track and field team which will represent Canada at the 1928 Olympic games being held this month at Amsterdam, Holland. Daryl Pilling of Cardston will compete for Canada in the javelin throw and Stan Glover of Edmonton has been chosen as a substitute on the relay team. Alberta, as well, will be interested in the performance of the Commercial Grade Ladies' basketball team of Edmonton, international champions, who will take part in a number of important games at the Olympic, and in other centres on the continent.

THE UNITED CHURCH

The services at the United Church are being well maintained in spite of so many people being away. For the next few weeks the minister will be away. The arrangements for the services are in the hands of the session and announcement will be made from week to week.

On Sunday next the morning service will be in the hands of Robt. Holmes. Fred Antrobus will be in charge for the evening. The evening service should be of special interest as Mr. Antrobus is a Coleman boy who has made a good start at a career. He is at present qualifying for the Baptist ministry. As he is a member of the local congregation there should be a good attendance.

RODDY ON WAY TO MEET ROY MITCHELL

Roddy McDonald left for Sydney, Nova Scotia, on Tuesday, where he is due to meet Roy Mitchell, claimant of the light-heavyweight championship of Canada, on July 18th. Before leaving, Roddy stated he was in splendid shape and felt confident that he would come through the battle victorious. — Drumheller Mail.

If you could have exactly the kind of car you wanted, what are the features you would demand?

You would want Performance... stamina to stand long, trying trips.

Then you would want Style, of course... the latest trend in body design—long, low, racy lines... the newest and most modish colorings.

And you would like a Luxurious Car... one with wide, deep cushions that invited rest... with rich and beautiful upholstery and fine interior appointments... one with snug protection against the weather with ease and smoothness of riding.

Last, but by no means least, you would demand Quality... substantial construction... refinements such as Four-Wheel Brakes, Air-Cleaner, Oil Filter, Crankcase Breather, Vacuum-Feed Fuel Supply, Safety Gasoline Tank in rear and so forth... dependability at all times and under all conditions!

These are the things everyone would like to have in a car... and that everyone CAN have, for the first time in automobile history, at the low cost of the "Bigger and Better" Chevrolet.

The G.M.A.C., General Motors' own dollar payment plan offers the most convenient and economical way of buying your Chevrolet on time.

Here and There

(19)
With concrete now up as far as the first bedroom windows and steel up to the fourth, the Royal York-C. P. R. monster hotel in Toronto is well up to schedule and is expected to be completed in time for the opening next May, notwithstanding the short strike of the steel and building trades.

W. M. Van Valkenburg, president of the Regina Board of Trade, says that his city and province are out to capture industries. That is one reason for his visit to Montreal and the Eastern States. He figures that the mineral resources of the province should provide the basis of a number of industries, as 42 per cent of the provincial area lies within the pre-Cambrian shield.

Inauguration of the new New York-Yarmouth, Nova Scotia, passenger ship service recently represented the first entrance of a vessel from New York into Yarmouth harbor for the past 20 years. This was the S.S. Evangeline, of the Eastern Steamship Line, carrying 150 passengers. She is of 5,000 tons and her sailing connects with the Dominion Atlantic Railway and so enabled tourists to reach Nova Scotia sea and holiday resorts.

This summer will witness a great deal of activity on the part of the grain companies as well as the Wheat Pool in the construction of elevators at country points in Alberta to take care of the larger harvests which are expected. Another company which has just announced its intention to enter on a construction program is the Gillespie Grain Company. According to John Gillespie, president, the firm plans to erect six new elevators each with a capacity of 40,000 bushels.

Musicians under the leadership of Flight Lieutenant John A. Amers, forming the band of the Royal Air Force, Britain's youngest military band, landed recently at Quebec from Canadian Pacific liner Montclair, for a tour of Canada from coast to coast, as did the band of the Coldstream Guards last year. This aggregation was formed in June, 1920, and since then has fulfilled engagements all over the British Isles. The band will play in all the principal centres, military centres and garrison towns of Canada during their tour here.

"First call for dinner!" "Last call for dinner!" The old monotonous warning to the hungry traveller is a thing of the past on the Trans-Canada Limited. C. P. R. trans-continental crack train from Montreal to Vancouver. To-day a nattily attired waiter in white coat and apron with a smart black bow tie walks through the cars ringing "chimes" on a dulcimer, an appeal at once more pleasant to the ear and more likely to attract attention than the former method. In time, there is no doubt, the idea will be adopted on all dining car trains of the railway.

Advertised to make the trip from Montreal to London in nine days, the Canadian Pacific freight ship Beaverbrae actually completed the run in eight days and twenty hours, making record time for a freight vessel between the two ports. This ship is one of the five "Beaver" ships making up the new fast freight steamship service of the Canadian Pacific. They have refrigerated cargo space and are of 10,000 tons dead weight. The service is between Montreal and London, and there is a sailing from the Canadian port every Friday, the vessels as a rule making better time than most passenger vessels on the London route.

Antrob's Sell Good Shoes

Personal and Local

Members of Coleman Lodge No. 36, I. O. O. F., are specially requested to attend the next regular meeting on Monday, July 23. There will be a duce after lodge, to which Oddfellows and Rebekahs are invited. Visiting Oddfellows and Rebekahs are extended a hearty invitation.

Shoes are not a side line with us—we specialize in them for ladies, gents and children. That is why we have the finest assortment and our prices are the most reasonable. You cannot get better value or quality anywhere than at Antrob's Shoe Store.

Mrs. Marcelus and daughter Mary, of Calgary, are visitors with Mrs. T. Brown.

Dorothy Burns is the guest of Mrs. J. Nash during the time Mayor Burns is a patient in the miners hospital.

Sterling Gilbert came down from Calgary to stay with his father, who is manager of the Coleman Hardware Co. store here.

Mr. and Mrs. E. W. Brown spent the week end in Calgary attending the Stampede.

The Immigration Problem

Probably no single question affecting the national life of Canada has called for and received greater attention within recent months than the subject of immigration. It has been debated in church assemblies, Labor Unions, war veteran bodies, in Parliament and Legislatures, in the press and upon the public platform. Committees have spent weeks and months studying the problem and have issued reports. The net result is that the Government is advised and urged to adopt this policy and that policy, each one mutually destructive of the other.

On the one hand there are those who contend that only those immigrants who will engage in agriculture should be allowed to enter the Dominion, and that artisans, laborers, and those who naturally locate in cities and large centres of population should be excluded. Others would throw the doors wide open to all classes providing only that they must be healthy both morally and physically, able and willing to work, and content to abide by and uphold the laws of the Dominion.

Then there are those who would draw a purely racial line of demarcation. They would exclude the so-called "yellow" races; they would have the negro; they would put a stop to the admission of immigrants from the countries of southern and central Europe; in a word, they would rigidly restrict all immigration except that of people born and bred in the British Isles and speaking the English language.

Still another group places the chief emphasis upon the religion of immigrants. They are opposed to those of other religions than their own. Even if the immigrant be from the British Isles, they have slight welcome for him unless he also be of their religious faith.

So the Government is told that only agriculturists should be admitted into the Dominion, and then only provided they are of the white race, are of certain religious faiths, hail from British Isles, and speak the English language. Provided they are of British descent, such immigrants might also be admitted to Canada from the United States.

To begin with, no Government under the British flag, and having the slightest regard for that cardinal British principle, liberty of conscience, will recognize or enforce any bar to immigration based on the religious convictions of the intending immigrant. To do so would be abhorrent to the great mass of the Canadian people and would be equivalent to declaring to the world that Canada was no longer British.

It is equally true that an overwhelming majority of the people of Canada, and this includes all Governments, would like to see a large increase in immigration from the British Isles. Every possible effort is put forth to accomplish this result. Why is it, then, that the annual influx of British immigrants is not much larger?

There are many reasons, but a few may be cited. The number of the British agricultural class is not large, and the surplus available for emigration is practically negligible. British agriculturists can be well employed at home.

In the British Isles, the women largely outnumber the men. Some millions of British women are condemned to spinsterhood. For this and other reasons they are invading many employment fields formerly occupied by men, and the necessities of the war gave a great impetus to this movement.

The effect is seen in the rapidly declining birth-rate. In England and Wales the birth-rate fell last year to 16.7 per thousand of the population, as compared with 24.1 in 1913, the last year before the war. In other words, the birth-rate has declined one-third in the short space of fifteen years. There is not, therefore, the same tremendous urge to emigrate as was the case in years gone by.

As a matter of cold fact, the birth-rate is declining among all the white nations. It has long been declining in France; it is declining in Italy, Germany, the United States, Canada. Observers and students in Great Britain, unlike some in Canada, do not appear worried over the inter-mingling of the white people of different nationalities, but they do entertain some fear that with declining birth-rates almost universal among the peoples of the white nations, the white race will lose its supremacy and world leadership. They foresee the day when the "quota" law of the United States will be unnecessary so far as Europe is concerned, because there will be a shortage of "whites" left alone a surplus to emigrate.

Notwithstanding the difficulties in the way, and the many conflicting views that prevail, it is agreed by most Canadians that this Dominion is in need of a much larger population—a population which is not being provided by natural increase as a result of the prevailing low birth-rate. If immigration to Canada is to be increased, then there must be some common cause effected between those who inhabit the agricultural sections, and yet those who would admit only able bodied workers; also compromise between those who would admit only those who would serve to swell the ranks of their particular religious denomination, and some compromise on the issue that apply to speak English is the hallmark of good citizenship and the only guarantee of success.

The man who says what he likes will hear many things that he dislikes.

TIRED, WEAK, NERVOUS WOMAN BENEFITED

Praises Lydia E. Pinkham's Vegetable Compound

Abbotsford, Minn., Quebec: "After the birth of my second child, I was always feeling tired, nervous and weak, and had headaches, backaches and other terrible pains every day. I suffered with everything for two years before I tried Lydia E. Pinkham's Vegetable Compound. I got four bottles of it and it did me a world of good. I would not be without it in the house now, and have another six bottles in. I recommend it to every woman I know."—Mrs. T. BARNETT, Box 114, Abbotsford, Minn., Quebec.

W. N. U. 1742

Train Searches For Bumps

English Railway's Method of Knowing Where Tracks Need Attention

A mysterious train travels on the main lines of the Great Western Railway, England, and yet it does not appear in any time-tables, and never stops to pick up passengers. Its duty is to search for bumps on the permanent way, and runs are made from Paddington and Newport. The coaches consist of rolling stock of various kinds, fitted with different bogies.

An observer stands over each bogie, and when he feels the slightest jolt he releases a splash of white wash on the track as a guide that the spot needs attention. Various colored washes are used, such as green, red, white, blue and yellow, each signifying different kind of bogie.

A machine in the back of the train makes a graph of all the jolts, and on the return journey stops are made to examine the line where wash has been dropped. Experts then take measurements and notes for future repairs.

The Minister Of Agriculture

Hon. Mr. Motherwell Signally Honored By the Province Of Quebec

The honor conferred upon Hon. W. R. Motherwell, Dominion Minister of Agriculture, by the Quebec provincial government, must surely be a particularly gratifying mark of distinction. At the recent convention of the Society of Canadian Technical Agriculturists, the province of Quebec bestowed the order of Commander of Agricultural Merit upon Mr. Motherwell.

Many statements in the past have been known for having achieved great things in war and in diplomacy. Mr. Motherwell's distinction has been won in the realm of the plowshare rather than the sword. Millions of blades are annually used in Canada under the energetic urge of the minister, but they are blades of wheat. Instead of the rattle of machine guns, the roar of tanks, the booming of Mr. Motherwell's army is heralded by reapers, tractors and threshing machines. It is surely well to honor such generosity of peace.—Ottawa Citizen.

WAS VERY DELICATE

New Health Came Using Dr. Williams' Pink Pills

Mrs. Caspar Miller, Lourdes, N.S., says that twice in her lifetime she has reason to be thankful for Dr. Williams' Pink Pills. Dr. Williams' Pink Pills were very good for her. She was a sufferer with cramps and pains every month and was hardly able to move around at all. One day when a neighbor or a friend came in to see me, and she said to my mother, 'Why not try Dr. Williams' Pink Pills?' and she said 'I will do her a world of good.' The result was my mother got six boxes and I began their use, and I soon found benefit from them. By the time I had taken them all I felt an altogether different girl, and no longer suffered from cramps and pains.

Then a few years ago I was attacked with influenza and was sick for six weeks. Again I started taking Dr. Williams' Pink Pills, and again they brought me good health. I am the mother of a family and do all my own work, so you see I keep in good health, and depend upon these pills to keep me so. Now always recommend Dr. Williams' Pink Pills to any of my friends who may be sickly.

If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills. They will give you strength and health will improve. You can get these pills through any dealer in medicine, or at 50 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Canada's Mining Industry

The investment in the operating mineral enterprises of Canada is now over 706 millions of dollars, and the net income annually from sales of products of the mines exceeds one-third of the total investment. During the past five years \$128,000,000 has gone into the mining industries of Canada.

Miller's Worm Powders are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring worm troubles to an end. They are a strengthening and stimulating medicine, combating the disorders of digestion that the worms cause and imparting a healthy tone to the system most beneficial to development.

Lean Aeroplanes

Metalized linen, a new fabric, may bring about a complete change in the construction of aircraft. It has a tensile strength of over 1,800 lbs. per foot width, and is very light. An aeroplane half the present weight, yet considerably stronger, could be constructed from such a fabric. It is said, while petrol for an Atlantic flight could be made of metalized material lighter than the thinnest aluminum.

POPLES LASED OVER 2 YEARS

Very Large and Painful. Healed by Cuticura.

"My daughter's face was covered with pimples that were hard, very large and red. They itched, and were so thick that you could not put a pin head between them. They also broke out on her shoulders and neck. They itched and burned, and she could hardly have her clothes touch her, for they were so painful. Her face was badly disfigured. The trouble lasted over two years."

"I read an advertisement for Cuticura Soap and Ointment so purchased some and at the end of three months she was healed." (Signed) Mrs. Horace Reynolds, New Glasgow, N. S., Jan. 22, 1917.

Cuticura Soap, Ointment and Talcum are ideal for daily toilet use. Sample Free. Write to J. C. Cuticura, Montreal, or to J. C. Cuticura, New York, N. Y.

Recipes For This Week

(By Betty Barclay)

CREAMED PEAS

- 1 can peas drained or 2 cups fresh peas
- 2 cups milk
- 4 tablespoons flour
- 1 teaspoon salt, Pepper.

Make cream sauce by melting the butter, add the flour to make a smooth paste. Add the milk, one-third at a time, stir to avoid lumps. Add seasoning and peas. Heat in saucepan until the peas are thoroughly warmed.

ORANGE PINWHEELS

- 1 cup flour
- 2 teaspoons baking-powder.
- 1/2 teaspoon salt
- 1/2 cup milk
- 2 tablespoons sugar
- 1/2 tablespoon orange juice.

Salted orange rind.

Mix and sift flour, baking-powder and salt, rub in one tablespoon butter, or other shortening, and moisten to a dough with milk. Roll thin; spread with remaining butter, sprinkle with sugar mixed with orange juice and rind, and roll up like a jelly-roll. Cut in slices, and place, cut side up, in buttered muffin-pans. Sprinkle with remaining sugar, and bake in a hot oven. When small and shiny, these are good for afternoon tea.

Nothing As Good For Asthma.

Asthma remedies come and go every year, but the sales of the original Dr. J. D. Kellogg's Asthma Remedy grow greater and greater. No other evidence could be asked of its remarkable merit. It relieves. It is asthma, the sufferer from asthma learns to know. Do not suffer another attack, but get this splendid remedy today.

A Labor Saving Machine

New Device Polishes Glasses At Rate Of Ten A Minute

A device which washes, sterilizes, dries and polishes drinking glasses of any size at the rate of ten a minute has been invented by a young Englishman.

A tumbler placed on a spindle, is embraced both inside and outside by revolving rubber squeegees. As the spindle is made to rotate by an electric motor, a flow of fresh sterilized water is ejected over the entire surface of the glass. The glass is then transferred to a second spindle, on which it is dried and polished by a similar pair of squeegees. In addition to saving labor, the machine is said to reduce breakages to a minimum.

Know Her Onions

Most onions are pretty much alike to the average person, but those persons from South-western Texas, say there is only one real onion and that is the variety that grows in the sandy dirt of that State. To give an idea of the fondness Texans living near the Rio Grande have for their native onions a woman recently arrived in New York with a trunkful which she turned over to the chef of the hotel where she stayed. She orders that the Texas onions were to be served with dinner each evening. She told friends she would have been unable to have made the trip North without them.

Safety First

Old Mrs. Brown was about to make her first aeroplane trip, and naturally enough was a bit timid. "Now before we start, young man," she cautioned the pilot, "I want it distinctly understood that we're not to go out of sight of land."

Popularity often wins new acquaintances and loses old friends.

Every Home Needs Minard's Liniment.

Brings Trophy To Canada

Joe Wright, Toronto, Wins Diamond Sculls At Henley

For the second time in history the Diamond Sculls, premier event for the supremacy of amateur scullers in the world, was won by a Canadian, when Joe Wright, of the Argonaut Rowing Club, Toronto, defeated R. Y. Lee, of Worcester College, Oxford, in the final heat by a full length. In averaging his unlucky defeat of 1927, the 21-year-old Argonaut sculler will take the premier amateur singles diadem to Canada for the first time since 1894 when Lou Scholes, of Toronto, won the honor.

The Torontonians from whom victory was snatched by a misfortune in last year's final against Lee, accomplished his revenge 42 seconds faster than Lee's time last year, when the Canadian craft met disaster 10 feet from the finishing post.

Ever since Wright's defeat in 1927, when he showed his superiority over Lee only to lose the race when his oar became entangled in a punt rope when he was within a few strokes of triumph, the Argonaut sculler had expressed his determination to vindicate himself. It was his hope that the draw would keep Lee and himself in different halves so that they would be enabled to become pitted against each other in the final race. Captain Lou Scholes, of Toronto, was the only other Canadian to win the Henley singles class, winning the event in 1904. Wright is the son of Joe Wright, Sr., who acted as a sculler for the first time in 1894, when he was in his younger days. Joe Wright, Sr., now an alderman in Toronto, was formerly a rowing coach at several universities in the U.S.

Caring For Eskimos

Canadian Government Watches Over People In Desolate Regions

North America, one must assume, has got its affairs into very good order when, as a matter of routine administration, the Canadian Government imports render to supply food for Eskimos in danger of starvation in distant and desolate regions along the Mackenzie River. Not the arctic part of this vast territory lies outside the attention of authorities. Very little time has passed since Eskimos of the North, or Indians of the great plains starved on occasion or died of disease without notice, but now even the nomads along the Arctic Ocean are under observation.

A University dramatic society intimated to Mr. Bernard Shaw that they would perform one of his plays if he would grant permission. His reply was brief: "You can't, but you may."

The Family Physician.—The good doctor is always worth his fee. But it is not always possible to get a doctor or just when you want him. In such cases, common sense suggests the use of reliable home remedies, such as Dr. Thomas' Electric Oil, which is wonderfully effective in easing inflammatory pains and healing cuts, scratches, bruises and sprains. The presence of this remedy in the family medicine chest saves many a fee.

X-Ray Prevents Smuggling

A terror for smugglers is at the new electrical clinic which has been opened in Baker Street, London. It is a new heretofore X-Ray apparatus from Germany which will show exactly what is in the box full of goods or any article lodged in a human body. Packages or anything made of wood could be X-rayed, thus saving customs officers unpacking them.

Liquor Problem In Australia

New South Wales Will Vote On Referendum September 11

New South Wales will come to grips with the liquor problem when it votes September 11 on a referendum offering the option of continued open sale of liquor and prohibition. If prohibition is defeated the Government will review the whole position with a view to adopting a course which will effectively minimize the liquor traffic now, according to Hon. T. J. Ley, minister of justice.

Meanwhile the Government is being waited upon by delegations demanding everything from drastic bone dry legislation to a moderate form of Government control, such as prevails in some provinces in Canada.

No child should be allowed to suffer an hour from worms when prompt relief can be got in a simple but strong remedy—Mother Graves' Worm Exterminator.

Artificial Wool

London Evening Standard, says he learns that a fine quality of artificial wool, for years the despair of research scientists, now is an accomplished fact, and shortly will be manufactured on a large scale at a low cost.

After a Shave.

After a shave, lotion your face with Minard's Shave Lotion. Soft, cool. Excellent for cuts.

HERCULES PERMANENT BUILDING PAPER

Smooth the Bumps on the Sales Road

Regardless of price, if quality is in the merchandise, it is half sold.

Hercules Permanent Building Paper is tested and proven proof—absolutely. Hercules not only aids in selling but brings repeats. Hercules also has the quality of toughness which, making it easy to use without fear of tearing or sticking, appeals strongly to the user.

Hercules—in three grades, x, xx, xxx—will smooth your building paper sales road. Samples sent on request.

Appleford Paper Products HAMILTON, CANADA

RESCUE EFFECTED OF MEMBERS OF THE ITALIA CREW

London.—Despatches received here from Virgo Bay and from Rome indicated that the members of the Italia crew, former companions of General Nobile, who have been in desperate need of help, were rescued by the Russian relief ship Krasnia, and that three other men, apparently members of a dog sled expedition to rescue the Italia crew, have been sighted.

This news, coupled with the news from Moscow, that two Italians, Mariano and Zappi, had been rescued after 43 days of wandering on Arctic ice and the body of Dr. Malone had been recovered, constituted the most successful day of rescue operations since the dirigible Italia crashed May 25, after a flight over the North Pole.

Battling her way through a desert of broken ice cakes, the Krasnia pushed her nose to the point far off Northeast Land where a tiny tent painted red marked the camp of two members of the crew of the wrecked polar dirigible Italia.

The starved, frantic men who had battled starvation and freezing temperatures since May 25 were taken aboard, it was announced in advices from Rome.

The second group sighted was believed to be the daring men who set out by dog sled to aid the stranded Italia crew and were lost. It was believed this latter party that was commanded by Captain Sora, an explorer, who set out with two companions.

The Krasnia ploughed her way to the Viglieri group in a sensational climax to the day's work. Five kilometres from her goal she radioed to Virgo Bay that she had sighted a group of men, waving frantically. (Probably the Sora group.)

The Russian ship at the time was passing nearly the exact spot where the Italia crashed on May 25, killing one of her crew, injuring two seriously and drifting away in a stiff wind with six men aboard.

The survivors in the Viglieri group who were rescued, were believed to be Lieut. Viglieri, Italian navy navigator, Giuseppe Biondi, radio operator, who had kept the group in touch with the world; Filippo Tolani, engineer; and Professor F. Dehouck, meteorologist.

The group had been sending radio messages to the Krasnia reporting their growing discouragement and it was believed the four men were in such serious condition that only speedy medical attention would have saved their lives.

Meeting In Regina Of Noted Barristers

Representatives Attending From England, France, Irish Free State and U.S.A.

Regina.—Preparations for the most brilliant assemblage of legal talent ever to gather are proceeding here. Next month, the 13th annual meeting of the Canadian Bar Association will be held in this city, with headquarters in the Hotel Saskatchewan.

From the Maritimes and the Pacific Coast outstanding public men will come for the yearly conference. From France, Great Britain, the Irish Free State and the United States, representatives of other legal bodies will be present to aid and learn in the great meeting. The convention will last three days, August 29, 30 and 31. Hon. Mr. Justice W. M. Martin, president of the Canadian Bar Association, will be in the chair when the meeting opens at 10 a.m. on August 29. He was elected at last year's annual meeting, held in Toronto.

Climber Conquers Mount Scott

Philadelphia Man With Three Companions Reach Summit

Jasper Park Lodge, Alta.—For the first time in its history Mount Scott, the peak in Jasper National Park, named after the gallant hero of the South Pole, has been conquered. The successful climber is Dr. J. Monroe Thornton, of Philadelphia, noted athlete and author of "Climbing the Mountains of Canada." With him were Dr. Max Struella, also of Philadelphia, a member of both the American and the Italian Alpine Clubs; William H. North, of New Haven, Conn., and Julius Hillhouse, of Newton, Conn. The altitude of Scott is 10,826 feet.

Lord Byng's Appointment

Is Government Measure To Restore Confidence In Police Force

London.—The appointment of Viscount Byng, of Vimy, as commissioner of Metropolitan police, announced by the government to have been a measure to restore confidence in the police force, was sustained in Parliament when a Labor motion of disapproval was defeated, 231 to 106.

Sir William Joynson-Hicks, the Home Secretary, in making the announcement, declared that no alienation was the public faith in the police department that he had reluctantly called upon Lord Byng because the force needed, not re-organization, but re-inspiration.

Lord Byng's appointment was announced a few weeks after the dismissal of charges of improper conduct against Miss Irene Savage and Sir Leo Moley, who were arrested in Hyde Park. In connection with Miss Savage's examination the accusation was made that the police had used the third degree methods.

Lord Byng's appointment was announced a few weeks after the dismissal of charges of improper conduct against Miss Irene Savage and Sir Leo Moley, who were arrested in Hyde Park. In connection with Miss Savage's examination the accusation was made that the police had used the third degree methods.

Cruiser Dauntless Refloated

Will Be Placed In Halifax Drydock For Repairs

Halifax, N.S.—The British light cruiser "Dauntless," which hung up on a prong of Tribune Ledge at the entrance to the harbor on July 9, has been floated off, after a week's strenuous procedure by the wrecking crew of the Halifax shipyards.

The Dauntless was at once towed up the harbor and tied up to the piers in Mill Cove. A derrick awaiting berth in the drydock, and will be kept afloat by the compressed air pumps which were installed on her decks a week ago and which have been kept going continuously ever since.

The Dauntless will be placed in the drydock of the Halifax shipyards, where it is estimated, the repair work will keep 600 men busy for months. It had been ascertained early that the rocks had torn a 30-foot hole in the cruiser's bottom.

Thousands of persons gathered along the shore, on Citadel Hill and on harbor craft to witness the floating of the Dauntless from its precarious position.

Toronto Mail Robbery

Five Men Under Arrest Charged With Complicity

Toronto.—Five men are under arrest here charged with complicity in the robbery of the Canadian National Railways mail car at the Union station in the early hours of June 20. It was announced by General D. C. Draper, chief of police. One woman is held on a charge of vagrancy and another as a material witness.

Although it has been generally rumored for several days that some arrests had been made confirmation had not been obtainable from the police.

Finlay McLeod, 38, 48, of Toronto; Everett McKibbin, 38, 48, of Detroit, and John Brown, alias Sullivan, 28, Toronto cigar store clerk, are charged with robbery. Finlay McLeod, Jr., 24, Toronto newspaperman, and Alex. McLeod, 42, of Toronto, son and brother respectively of Finlay McLeod, Sr., face charges of receiving stolen goods.

Will Investigate Tariff Proposals

Ottawa.—Hon. James Robb, Minister of Finance, has left Quebec for a holiday in Ireland. While there he will look into the new tariff proposals of the Irish Free State and he is expected to take up with William Cosgrave, president of the executive council, the matter of extending to Ireland the provisions of the Canadian preferential tariff on Empire goods for reciprocal treatment for Canadian goods on the part of the Free State.

To Study Canadian Methods

London.—With the object of studying commercial underbidding and institutions in Canada and the United States, a number of representatives of the National Chamber of Trade and Commerce, have left Southampton for Montreal. Six weeks will be spent making a tour of the two countries.

Might Be From Tropics

Unusual Exhibit Will Be Seen At Edmonton Exhibition

Edmonton.—Grapes, sorghum, sugar cane, soy beans and tobacco. Such a list reads like the exports of some tropical island, or at the very least the products of a southern state.

Visitors to the Edmonton Exhibition will have the opportunity of checking up on the list, for the products mentioned will be included in the entry from the C.I.R. Irrigation Development farm at Brooks, Alberta, which will be staged in the Agricultural building.

Throughout the week fresh supplies of the products quoted will be brought to Edmonton from Brooks in order to keep the display fresh and attractive.

Successor Not Named

Manitoba Government Has Not Filled Dr. Wallace's Position

Winnipeg.—No decision as to who will succeed Dr. R. C. Wallace, of the Manitoba University, as commissioner of mines and natural resources has been reached by the provincial government.

Dr. Wallace was recently given the post of president of the University of Alberta, and has relinquished his position as head of the geology department of the university for Manitoba, to take over his new post some time in September.

MANITOBA TO OBTAIN CONTROL OF RESOURCES

Ottawa.—The Federal Government and the government of the province of Manitoba have reached an agreement as to the method and basis of settlement of the question of the administration and control of the natural resources of Manitoba. Premier Mackenzie King has issued a statement covering the agreement arrived at.

Under the agreement the vexed question of financial adjustments is left to a committee which will be appointed by the Federal Government with the concurrence of that of Manitoba. The two governments have agreed on the following persons as members to comprise the committee: Hon. W. A. Tupper, of the Saskatchewan Court of Appeal; Hon. T. A. Cresser, of Winnipeg; and Charles M. Bowman, of Waterloo, Ont.

Mr. Cresser occupied the post of minister of agriculture at Ottawa for some time and was also leader of the Progressive Party. Mr. Bowman is a director of the Mutual Life Insurance Company of Canada.

Mr. King announced that these gentlemen would be appointed immediately of the agreement and that they would be invited to accept appointment.

INDUSTRIAL CONTROVERSY

A. J. Cook, secretary of the Miners' Federation in Great Britain, who is the centre of the latest industrial controversy in the old country. He bitterly attacks the industrial peace policy of the Labor movement, and in return the Miners' Federation has disowned him while the Welsh Trade Union Council has indicted him for disloyalty. He is familiarly known as "Emperor" Cook.

Prize List Drafted

Six Wheat Chances In World's Grain Show Award

Regina, Sask.—For the purpose of laying out a prize list for the World's Grain exhibition and conference to be held in Regina in 1932, a tentative classification has been prepared by a special committee nominated by Hon. W. R. Motherwell, Dominion minister of agriculture. The committee is composed of J. A. Mooney, of Regina; L. H. Newman, Carl Sweet, Dr. Macrotte, and G. H. Clark, all of Ottawa.

Exclusive of special classes the tentative list makes provision for \$202,500 in prizes; six classes of wheat with \$100,000 in prizes, two classes of oats, with \$30,000 prizes; five classes of barley, with \$15,000 prizes; three classes of field peas, with \$3,000 prizes; two classes of soy beans, \$1,000; one class of rye, \$5,000; one class of fax, \$2,000; five classes of buckwheat, \$3,000; four classes of corn, \$30,000; one class of rice, \$2,000; two classes of millet, \$2,000; one class of red clover, \$1,000; one class of alfalfa, \$1,000; one class each in sweet clover, timothy, brome grass, mangels and turnips, \$500 each.

Hold Memorial Service

Brussels.—An impressive memorial service for Captain Alfred Loewenstein was held in the church of St. Michael and St. Gudule. A tall catafalque surrounded by candles had been erected in the nave of the church and the choir was draped in black. Madame Loewenstein, her son and members of the Loewenstein family were present, as well as many persons prominent in Belgian life.

Marketing Surplus Wheat

Carry-Over Of 1927 Crop May Be 80,000,000 Bushels

Fort William, Ont.—A welcome revival in the movement of western grains and favorable for the coming harvest were main features of the June report of E. A. Ursell, statistician to the board of railway commissioners. A marked improvement developed toward the end of June in the marketing of the exportable surplus of Canadian wheat with the result that lake shipments increased substantially.

The increase in lake shipments was most welcome as providing storage space for most of the grain in transit from western ports.

Lake shipments during July are expected to be quite heavy and will make room for the grain at present in country elevators at interior points which must be shipped out in readiness for the new crop.

At the end of June there were 70,000,000 bushels of wheat in store in the western division, 8,000,000 bushels in transit to terminals, approximately 82,000,000 had been loaded and used for seed and another 307,250,000 bushels had been shipped out of the division. Allowing for what was on hand on July 31, 1927, it would thus appear the net total of the 1927 wheat crop already accounted for is more than 439,000,000 bushels.

It looks as if the carry-over at the close of the present season would be very close to 88,000,000 bushels unless exports during the present month far exceed expectations.

The Manville Tragedy

Vernon Booher Is Held As A Material Witness

Edmonton.—Developments in the Manville tragedy, in which four people on the Booher farm were shot to death, were the arrest of Vernon Booher, and the discovery that a British army suite of 305 calibre was missed from the home of C. E. Stevenson, honored resident of the district, and whose farm is about a mile away from the Booher residence.

Booher, about 20 years old, who found his mother, brother and two hired men lying dead around the house and barn, shot through the heads when he returned from the pasture to the sound of the shooting.

Police investigators state that the arrest of young Booher is merely routine since he was the first to reach the scene of the tragedy.

BRITAIN WILL CLIP REPLY TO U. S. ANTI-WAR NOTE

London.—The British reply to the American anti-war proposals in the opinion of Sir Austen Chamberlain, secretary of foreign affairs, will be forwarded to Washington before the end of the parliamentary session. The secretary made this announcement in the House of Commons in reply to a question and he took the responsibility for what some of the questioners characterized as delay in answering the American note.

The only delay, however, said Chamberlain, was the time which was being taken for careful consideration of such an important matter and the Dominions had no responsibility for this.

Heckled by Col. Joshua Wedgwood, Labor, who asked if Sir Austen intended "to wreck this proposal," the foreign secretary declared:

"I do not propose to wreck the proposal. I welcome the proposal and I wish to bring it to a successful conclusion."

Paris.—The Council of Ministers has approved foreign minister Briand's reply to Secretary Kellogg's proposals to outlaw war which France formally agreed to sign.

It was reiterated that the reply, while fully explaining France's viewpoint, does not put the explanations in the form of reservations.

Awarded Medal Of Merit

Ottawa.—Scoutmaster Oscar Lamoureux, of Fort Saskatchewan, Alta., has been recommended for the medal of merit by the Boy Scouts' Association for his work for the Boy Scout movement over a period of seven years.

Linberg's Pine Catches Fire. Salk Lake City, Utah.—Col. Charles A. Linberg's pine caught fire on the field here, supposedly from a flooded carburetor, just as he was about to take off. P. Noonan, Linberg's mechanic, raised a fire extinguisher and put out the flames.

PREMIER KING WILL VISIT WEST EARLY IN AUGUST

Ottawa.—A tentative schedule for the western trip of Premier Mackenzie King was issued from the office of the prime minister. It is not a speaking schedule, as the premier and he will not deliver speeches at all the points named. He will, however, speak in Prince Albert, his own constituency, where he attends the opening of the Prince Albert National Park, and also the Prince Albert exhibition. His stay in the constituency of Prince Albert will comprise six days.

Premier King will leave Ottawa on Thursday, August 2, arriving in Winnipeg on the following day. He will leave Winnipeg on Sunday, August 5, arriving in Brandon on Monday, the sixth. Leaving Brandon on Tuesday, he will reach Dauphin the same day, August 7, and remain there until 5 p.m.

From Dauphin he proceeds to Lloydminster, arriving there at 9 in the morning of Wednesday, August 8, and remaining there until the next morning. From Lloydminster he goes to North Battleford, where he will spend Thursday, August 9.

Early in the morning of Friday, August 10, the premier will reach Prince Albert, according to the tentative schedule. He will remain there until Thursday, August 16, when he leaves for Dauphin. He will leave Dauphin for Winnipeg on the morning of Saturday, August 18, arriving in the latter city on the same day.

Hinchcliffe Case Discussed By Press

Several Outspoken Articles Have Appeared In British Papers

London.—The inquiry of the state benefiting to the extent of \$250,000 by the gift of Lord Inchcape in memory of his daughter, Hon. Elsie Mackay, who lost her life in company with Captain Walter Hinchcliffe, in an attempt to fly the Atlantic, when the flight of Captain Hinchcliffe is not provided for has been the subject of several outspoken newspaper articles lately and was brought up in the House of Commons by Major P. B. Malone, Conservative, Tottenham South.

Sir Samuel Hoare, secretary of state for air, said he understood Captain Hinchcliffe had received a wound pension and disability retirement pay in connection with his war service. Major Malone then suggested that Sir Samuel should make representations to the proper authorities that adequate provision should be made for the aviator's family.

Sir Samuel Hoare replied that as Hinchcliffe did not belong to the Royal Air Force reserve, the matter was not in the hands of the air minister, and he advised that the question be put to the ministry of pensions.

Offered Home In China

Jews Given Opportunity To Establish National Home

London.—An opportunity to build a Jewish national home in China to supplement the one in Palestine was offered by the minister of the Interior at Peking, says a despatch from Peking to The London Daily Express.

The offer was made as a result of a misunderstanding by the Chinese authorities of the application of a Zionist delegate who arrived in Peking and requested permission to collect funds for Palestine.

The minister of the Interior at Peking thought the Zionist wanted to purchase land in China for the purpose of settling Jews there and promised a special treaty if the Zionist would indicate the site for the proposed homeland and the approximate area required.

Credit Situation Stable

Halifax, N.S.—"The credit situation is stable throughout the whole Dominion in every line of business," declared Henry Pichen, general manager of the Canadian Credit Men's Trust Association, at their annual convention. Mr. Pichen said that last year's failures under the bankruptcy act were the lowest in eight years and that a remarkable development was in process from the Atlantic to the Pacific.

Alberta's Prosperity

Alberta's prosperity is clearly reflected in a surplus of \$279,765 announced by the Provincial Treasurer, Hon. R. G. Reid—a surplus more than \$200,000 in excess of the original estimate. The present figure is a record one of the province.

Identifying the "Finest of Low Priced Sixes"

THE Pontiac emblem, now a familiar sight on every highway, is the distinguishing mark of the world's finest low-priced six.

It identifies the smoothness of Pontiac's Six-cylinder engine, with its new improved G-M-R cylinder-head . . . the enduring qualities of Pontiac's sturdy chassis . . . the easy-riding comfort of Pontiac's Lovejoy Shock-Absorbers . . . the countless refinements of engineering and construction that spell "quality" in a motor-car.

And, just beside the hood of the New Series Pontiac Six is another symbol of a fine automobile . . . the "Body by Fisher" emblem, with all that it implies of luxury, craftsmanship and stylish beauty. Pontiac is the lowest-priced six which can claim the distinction of "Body by Fisher".

Whenever you see the familiar "Indian Head" emblem, and say "There goes the New Pontiac Six", you are identifying, beyond doubt, the world's finest of low-priced sixes.

Personal and Local

A hearty welcome will be extended to-morrow to the 1500 or more visitors from Lethbridge.

Miss Lulu Knight of Coronation, Alta., is the guest of Mrs. J. C. Lang. T. Holstead of The Journal office motored to Calgary and spent Saturday at the Calgary stampee.

Mr. and Mrs. A. Oliva left on Monday for a motor tour to Philadelphia, and expect to be away for about a month.

The Rev. A. D. and Mrs. Currie and Miss Mac Moores left by car on Monday for the Anglican summer school at Banff, which closes on Saturday.

Visitors to the Stampee last Friday were Mr. and Mrs. H. T. Halliwell, the latter going on to Edmonton to visit friends for a few days.

Mrs. J. M. Allan and son are spending a month's holidays with relatives near Rocky Mountain House, west of Red Deer, Alta.

Mr. and Mrs. W. S. Purvis motored to Calgary on Saturday to spend the week-end visiting friends and attended the concluding performances of the Stampee.

Mrs. Chris. Maurer and family arrived from B.C. last week to take up residence here. Mr. Maurer has been here working for some time in the mines.

Joe Plante is a good fisherman, for he caught 14 fine speckled trout on Sunday at Burnis, and took pity on six smaller fry by returning them to the water. Some fishermen are born lucky!

Mr. and Mrs. W. J. Harris and their guest, Miss L. Morris of Lethbridge, and D. A. Curry of Bellevue, motored to Waterton Park on Sunday, and enjoyed a trip on the beautiful launch, "The International".

The Rod and Gun Club does not report any casualties for Sunday last, though one or two well-known deep-sea divers who have distinguished themselves on former occasions were among the party.

Mr. and Mrs. Jas. Ford and Evelyn, Lawrence and William left this week on a motor trip to Vancouver, Mr. Ford forsaking the duties of town clerk for the next two weeks to spend his annual vacation.

Mr. and Mrs. T. Flynn have as their guests the latter's mother, Mrs. J. Kinney, and Mr. and Mrs. Wm. Askey of Victoria, B.C., they motored from the coast, reaching here on Sunday evening.

J. Rushton Jr., spent a very enjoyable week at the Calgary stampee, and was thrilled with the daring exploits of the wild and woolly cowboys on the bucking horses and Brahmas steers.

Harold Stephenson and William Machin left on Sunday night for Montreal, to sail on Friday for Liverpool via the "Canard" "Antonia". They will spend about two months visiting their former homes, returning to Coleman in October.

Mr. and Mrs. J. C. Lang returned last week from a month's vacation, during which they travelled almost across the continent, visiting in British Columbia and at Spokane, and going east as far as Quebec, visiting the famous shrine of St. Anne de Beauspre.

Mrs. W. L. Rippon and children are spending the summer vacation at Lake Manitou, near Watrous, Sask.

Accompanied by Mr. Rippon, they motored to Calgary on Saturday, the latter returning on Sunday. Mr. Rippon expects to leave in about three weeks to join them.

Mrs. Robert Easton left on Monday evening for Drumheller, Mr. Easton having left two weeks previously, and they will take up their residence there. They have lived in Coleman for a number of years, on Second St., and their residence has been rented by Mr. and Mrs. Sist.

Mr. and Mrs. C. W. MacKinnon were Calgary visitors during Stampee week, and in addition to attending the exhibition, Mr. MacKinnon attended a convocation of the Knights of the Mystic Shrine, when several candidates crossed the burning sands of the desert.

Oliver Barringham cast aside his duties of taxi driver last week, and gave himself up to the enjoyment of the Calgary Stampee. He had a good week of fun, and didn't miss a thing. In fact so strenuous was his pursuit of pleasure that his feet became so badly swollen that he could barely walk on his arrival home.

Mrs. W. J. Burns is spending a few weeks with friends in Montreal.

The dance in the opera house at which Les Craze's orchestra was the drawing card last Thursday night was not attended as fully as the high standard of their music deserved. It is reported there was a much larger attendance at Blairmore.
